

Yearbook 2019

Attention: 8th Grade Graduates and Parents

It is time to start thinking about your yearbook, and I am going to need your help to make this yearbook all that you want it to be!

Our first step is creating your *personal pages*.
Each of you is given a page that includes **12** photographs.

Please bring in your **12** photos to school by ***Friday, January 18th, 2019.***
They can be the original photo or on a flash drive (or a combination of both).
You may email photos to me at: tpresti@holychildacademy.org in a jpeg format.
Everything will be returned to you but please note that I will have these materials for the next few months.

The pictures should include at least one baby photo and pictures of you with your family through the years. Friends within the class will be included on other pages throughout the book. This page should reflect the graduate and his/her family. Some of these photos will also appear in the 8th grade slide show.

The pages will be created here at school –
All you have to do by the deadline is bring in the pictures.

It is important that you narrow down your selection at home.
Only **12** photos should be submitted.
You may place your photos/flash drives in the mail slot outside of my office.
Be sure to put your name on everything you turn in to me.

If you have any questions, please feel free to ask!
You are welcome to look at past yearbooks, which we have in Mrs. Tripodi's office to see the types of photos chosen for these pages.

Please note: This is NOT your congratulatory page for the graduate;
this is a collage of photos through the years of the graduate and her/his family.

While you are looking at photos for these pages, keep in mind that I am also in need of photos of the class through the years for both the yearbook and slideshow. Feel free to start pulling those and sending those in as well.

Thank you for all of your help. It is greatly appreciated.

Sincerely,
Mrs. Presti
Assistant Principal/Yearbook Coordinator
